INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Humane Society of South Mississippi
Gulfport, Mississippi

We have audited the accompanying statements of financial position of Humane Society of South Mississippi (a nonprofit organization) as of December 31, 2009 and 2008 and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Society's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Humane Society of South Mississippi as of December 31, 2009 and 2008, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules of functional expenses and cost of goods sold on pages 15-17 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

HUMANE SOCIETY OF SOUTH MISSISSIPPI
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Humane Society of South Mississippi is a nonprofit organization, whose primary purpose is to shelter and care for lost and unwanted animals, place animals into humane environments, implement programs and provide services to promote responsible pet ownership, and to be advocates for animals. The Society's support and revenues come primarily from individual and corporate donors' contributions, organizational grants, animal control fees, spay/neuter services, microchip services, vaccinations, fundraisers, and retail sales.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Society and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Society and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Society. Generally, the donors of these assets permit the Society to use all or part of the income earned on any related investments for general or specific purposes. There are currently no permanently restricted net assets.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statement of financial position. The realized and unrealized gain or loss on investments is reflected in the statement of activities.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Concentration of Credit Risk

Financial instruments that potentially subject the Society to concentrations of credit risk consist principally of fixed income securities, equities, cash investments, and deposits. The Society currently maintains cash and temporary investments in two financial institutions. The uninsured deposits at these institutions amounted to \$124,433 and \$288,587 at December 31, 2009 and 2008, respectively.

Use of Estimates

The Society prepares its financial statements in accordance with accounting principles generally accepted in the United States of America, which require that management make estimates and assumptions that affect the reported amounts. Actual amounts could differ from those results. In the opinion of management, such differences would not be significant.

Accounts Receivable

Accounts receivable primarily consist of amounts due from local municipalities for animal control services, bite cases, and court cases. An allowance for uncollectible accounts is not maintained as management expects to collect all outstanding balances.

Pledges

Contributions are recognized when the donor makes a promise to give to the Society that is, in substance, unconditional. All unconditional pledges to give are recorded at their estimated realizable value on a discounted basis.

Allowance for Uncollectible Pledges

The Society uses the allowance method to account for uncollectible pledges receivable. The Society provides an allowance for uncollectible pledges equal to the estimated uncollectible portion of pledges receivable. Management's estimate is based on historical experience and its evaluation of the current status of pledges receivable.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Land, Property and Equipment

Land, property and equipment are recorded at cost as of the date of acquisition unless donated. Donated fixed assets are recorded at their fair market value on the date of receipt. Purchased assets with a cost exceeding \$1,000 are generally capitalized.

Depreciation is provided for over a period of five to thirty-nine years using the straight line method.

Inventory

Retail inventory consists of pet supplies purchased for resale and medical supplies. This inventory is recorded at costs, determined on the first-in, first-out basis. Thrift shop inventory consists of donated items, which are recorded at fair market value. Since the donated items have uncertain values, they are recorded as assets in the financial statements when sold.

Income Taxes

The Society has been recognized as exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986 and similar state statutes. The Society has also been classified as an entity that is not a private foundation within the meaning of Section 501(a) of the Internal Revenue Code.

Advertising and Marketing

The costs of advertising and marketing efforts are charged to expense as incurred. Advertising and marketing expenses were \$99,079 and \$132,233 for the years ended December 31, 2009 and 2008, respectively.

HUMANE SOCIETY OF SOUTH MISSISSIPPI
 NOTES TO FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Restricted and Unrestricted Support and Revenue

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Society reports the support as unrestricted. The Society does not imply time restrictions on gifts of long-lived assets. In the absence of explicit donor stipulation as to how long an asset must be held, the Society releases any purpose restrictions when the asset is placed in service for the use stipulated by the donor.

2. LAND, PROPERTY AND EQUIPMENT

A summary of land, property and equipment is as follows:
